ShaiDel 500ml / 17oz Double Wall Vacuum Recycled Stainless Steel Bottle with Handle

ShaiDel 500ml / 17oz Double Wall Vacuum Recycled Stainless Steel Bottle with Handle

A trusted eco bottle for everyday hydration. Its classic 500ml form is paired with double-wall vacuum insulation to keep drinks hot for up to 12 hours or **cold for 24** — perfect for work, travel, or the gym.

The **integrated TPR handle** offers easy carrying on the move, with a **two-part design** that lets you quickly attach it to a backpack or bag using a carabiner (not included).

Crafted from **recycled 304 stainless steel inside and out**, it's built to last and resist rust — unlike cheaper bottles made with 201-grade steel.

Sustainability bonus — switching to stainless steel significantly reduces the need for single-use plastic or paper cups.

A sleek, durable, and sustainable corporate gift that reflects your brand's commitment to thoughtful design and environmental responsibility.
